BOER REBELLION?

A REPORTED OUTBREAK IN SOUTH AFRICA.

ENGLAND AGAIN THREATENED

REBELS SAID TO HAVE MADE A BIG RAID

LED BY GENERAL FERREIRA

Intense Alarm Has Been Occasioned in Cape Colony—Captain Smith Says Stories of Uprising Are Mere "Moonshine"—Calls Leader a Robber.

LADYSMITH, South Africa, Nov. 11.—Intense alarm has been occasioned by a rout of rebellious Boers at Zwartkop, in the northwestern part of the Colony. Sympathizers of the British are terror-stricken, fearing a general outbreak by the former followers of Com Paul Kruger, whom the English previously subdued after a desperate struggle.

Led by Ferreira.

The rebels are led by Ferreira, who has a reputation as a fighter, having been one of De Wet's strusuil lieutenants in the war with England. In the fight at Witkop, where the Boers attacked the police camp, Ferreira is said to have led the fighting. And the two troopers who were wounded are said to have been shot by him.

The great danger is that the trouble may spread. The fact that Boers engaged are from the ranks of the men who have been fighting in German Southwest Africa is of some significance, as indicating that these men, displeased with the progress that the Germans are making against the rebellious Herreros, have decided that they can come across the border and harass the British posts, in the meantime lying off the country.

Agricultural District.

The country in which the trouble is reported is ideal for guerrilla warfare, being in part mountainous, giving shelter to a horde of rebels, and in other portions being of the type most suitable for agriculture, thus permitting supermanagers to raid the farms. It is freely asserted that a large force will be needed to put down the rebellion, as the Boers in that vicinity are likely to flock in large numbers to Ferreira's standard, now that he has scored an initial success. The Dutch leaders in Capetown are advising their followers to support the government.

CAPETOWN, Nov. 11.—Advices received here from Upington, on the Orange river, say the Boer raider Ferreira and his followers continue to intimidate the farmers of that region, and have captured some traders and a few other persons. The raiders were 50 miles north of Upington Saturday, when they were reported, accompanied by a number of armed natives.

PRETORIA, Nov. 11.—Captain Smith, who commanded a Boer detachment in the late war, says that Ferreira and his men are merely robbers and that the stories of a Boer uprising are pure moonshine. Considering the number of "never-do-wells" who have recently gone into the German territory, it is surprising, the captain says, that similar occurrences have not been reported before.

LONDON, Nov. 11.—Sir Thomas Fuller, agent general for Cape Colony in London, attached no importance to the Ferreira raid. He believes the object is the robbery and plunder, and says the country where Ferreira and his men are operating is sparsely populated and the farm houses widely separated. It is not impossible, however, that Ferreira may obtain some adherents and do some mischief. The Cape mounted rifles, Sir Thomas declares, are accustomed to guerrilla warfare, and will have no difficulty in dealing with this situation.

SPLIT IN THE LIBERAL PARTY

Radical Element Principally Negros, Believes Zayas Is Too Friendly With Americans.

HAVANA, Nov. 11.—A serious split has occurred in the ranks of the Liberal party, due to the belief of the more radical element, largely composed of negros, that Alfredo Zayas is too friendly with the Americans to extent of possibly favoring annexation of the island by the United States. The leader of the Radical faction, Jose Miguel Gomez, is now a candidate for the presidency and is believed to have the support of many Liberals, who formerly regarded Zayas as the only logical candidate of the party by virtue of his services in organizing the recent revolution and obtaining the support of the American peace commissioners.

Jose Miguel Gomez is reported to have the support of Juan Gualberto Gomez, who is said to controlling the party in the province of Santiago, and Morua Del Cado, a negro, who is also powerful with the race in Havana province. General Asbert, Pino Guerra and Colonel Julian Betancourt are prominent undecided which faction they will join.

Following the manifestation Saturday night in honor of Del Cado, the fellows of Zayas formally held a big patriotic mass meeting. The meeting was addressed by Zayas and other men.

FALL FROM ORE WAGON FATAL

Robert Dalton Reported at Point of Death in Mexico.

Special to The Gazette.

CRIPPLE CREEK, Nov. 11.—Word has been received here from Cananea, Mexico, that Robert Dalton, for many years one of the [illegible] in this district, is dying as a result of a fall from an ore wagon. Dalton left Cripple Creek three months ago to work for the Consolidated Copper company.

For upwards of ten years Dalton was employed by the Colorado Trading and Transfer company. Suit for divorce from his wife, who, with her daughter, resided in Colorado City, for some time is pending.

Dalton experienced a narrow escape from death while here, falling nearly one hundred feet into a mine shaft.

SO-CALLED TOBACCO TRUST

Will Be Investigated by Department of Justice.

WASHINGTON, Nov. 11.—An investigation of the business methods of the so-called tobacco trust will be undertaken by the department of justice. E. N. Hill of Boston, has been appointed as a special attorney to make the inquiry. Officials of the department will not discuss the purpose of the investigation, but it is believed that a prosecution under the Sherman anti-trust law is in view.

LAY TRAP FOR POLICE

REVOLUTIONISTS LURE OFFICERS TO DEATH.

Three Are Killed and Four Seriously Injured by Bomb Explosion. Entire City Shaken.

TIFLIS, Nov. 11.—A deafening bomb explosion occurred on Pethanski street at an early hour this morning while the police were making a search of an unoccupied house. The noise of the explosion was audible for a great distance, and the entire city was shaken. Three policemen were killed and four wounded.

The police discovered some revolutionary proclamations under a bed in one room in this house. They then went to a window and pulled aside a curtain. There was a flash of blue flame, followed immediately by the explosion, the force of which was so great that the body of a sergeant, one of the men killed, was hurled over a neighboring roof. The whole upper portion of the house fell in. It is apparent that a snare had been arranged and the police fired into it. The police received a tip to search this particular house which is located in the Tartar quarter of the city and which has not been inhabited since the Tartar-Armenian massacres of last year.

SMOKE AND ASHES DIMINISH

Fear of Eruption at Mount Vesuvius Passing Away—People Return Thanks for Escape.

NAPLES, Nov. 11.—The column of smoke above Mount Vesuvius diminished materially today. Naples is entirely free of smoke. The wind is blowing from the east. Slight detonations were heard today, but the people are reassured and holding processions, carrying images of the Madonna and the saints, they are repentering their villages. In the churches the people are returning thanks for their escape from the dangers of an eruption. Ashes from Vesuvius are falling as far distant as Avellino, 50 miles away.

Professor Matteucci, director of the royal observatory on Mount Vesuvius, has been called to Naples by the prefect. He confirms his statement made Saturday that he does not think the present disturbances to be the beginning of a new eruption.

NEW DISEASE CAUSES PANIC

Twelve Deaths Occur in Three Days in Small Texas Town.—Physicians Are Puzzled.

EL PASO, Tex., Nov. 11.—A state of panic exists in the town of Marfa and the vicinity in Presidio county, this state, 80 miles east of here. Within the last few days twelve deaths have occurred in the town, of a few hundred population, from an unknown and malignant disease which made its appearance in the southern part of the county on the Mexican border recently and spread rapidly to Marfa.

Local physicians have been unable to diagnose or cope with it and appealed to the state health department, which detailed an expert, Dr. P. J. Shaver, the state health officer at El Paso, to investigate. Dr. Shaver is now at Marfa. The people of Alpine, near Marfa, in Brewster county, held mass meetings today to take precautions to prevent the spread of the disease to that town.

ANTIQUE MOTOR CAR PARADE

Remarkably Picturesque and Interesting Procession.

PARIS, Nov. 11.—There was a remarkably picturesque and interesting procession of antiquated and rickety motor cars from the Place de la Concorde to Sevres today. Many makes of cars were represented and it took the participants several hours to cover the distance of eight miles. A large crowd derived much amusement from the parade. No car could take rank there was less than ten years old, and many modern machines accompanied the old-timers, and the comparison between the old and the new excited much interest.

WEEK'S CALENDAR

FORECAST OF EVENTS OF NEXT SEVEN DAYS.

PRESIDENT IN CANAL ZONE

LANDS AT COLON AND CROSSES ISTHMS BY TRAIN.

CASTELLANE DIVORCE TRIAL

American International Congress of Tuberculosis Held in New York, Beginning Wednesday.—Delegates From Many Countries to Attend.

President Roosevelt, who, accompanied by Mrs. Roosevelt, Surgeon General Rixey and Assistant Secretary Loeb, is on his way to Panama on board the battleship Louisiana, is expected to arrive at Colon, November 15. On arriving at Colon, Mr. Roosevelt will receive President and Mrs. Amador, Secretary Arias, Mr. and Mrs. Theodore P. Shonts and Chief Engineer and Mrs. Stevens before leaving the battleship. After landing, the presidential party will make a slow run by train across the isthmus to La Boca, where an inspection will be made on canal conditions in that vicinity, after which the party will return to Ancon. Friday and Saturday will be spent at Culebra cut and Cristobal, and on Saturday night the party will be tendered a reception by the canal employes. The president will leave Colon on November 18 for San Juan, Porto Rico.

Tuberculosis Congress.

Delegates from Canada, South America and European countries are expected to attend the American international congress of tuberculosis that will be held in New York city, beginning Wednesday and continuing through the two days of the week. The congress is open to members of all professions and legislatures. All the governments in the Western hemisphere were invited to send representatives, and circulars were sent to American consuls in Europe, calling attention to it. It is expected that the congress will urge preventive legislation against tuberculosis and the adoption of governmental sanitariums.

Castellane Divorce.

The Castellane divorce hearing will be resumed on November 14. Counsel for the countess are confident that the application of the court's attorneys for an examination of the witnesses in the cases will be denied by the court, and it is also regarded certain that the public prosecutor will not avail himself of the right to be heard in the interest of the general public. The Castellane creditors, nevertheless, are urging every influence to prevent the granting of a divorce until their cases are disposed of.

The German reichstag will reassemble November 13.

The laws governing the navigation of steam vessels will be discussed at a meeting of the American association of Masters and Mates, which will be held in New York city on Monday and Tuesday. Some amendments to the present laws may be approved.

Many prominent Democrats, including candidates on the Democratic state ticket of New York are expected to attend the Independence league banquet in New York Monday night.

King Haakon and Queen Maud, of Norway will visit England during the week, arriving in London on Monday, where they will be received at Windsor castle. King Haakon will be invested with the Order of the Garter.

SUPREME COURT WILL DECIDE

Were Ballots Marked "Void" Really Void and Should "Protested" Ballots Be Counted?

NEW YORK, Nov. 11.—Abraham S. Gilbert, the law partner of Attorney General Julius S. Mayer, and counsel for the majority of the candidates on the Republican state ticket, will apply to Supreme Court Justice McLean tomorrow for an order under which the supreme court may pass on the question of whether ballots cast in this county at the recent election, but marked "void," were really void, and whether or not ballots marked "protested" shall be counted. Similar applications will be made tomorrow under Mr. Gilbert's direction in Kings, Queens and Richmond counties. The orders, if granted, will be served on the chairmen of the different boards of canvassers before actual work on the canvass is begun, in order that ballots such as the supreme court shall determine are legal, can be counted.

These actions will be brought, it is understood, on behalf of the Republican state candidates as individuals other than Governor-elect Charles E. Hughes.

INSTALL WIRELESS SYSTEM

Apparatus Will Be Placed on Torpedo Boat Whipple.

WASHINGTON, Nov. 11.—The navy department has decided to install wireless telegraph apparatus on the torpedo boat Whipple, flagship of the torpedo boat flotilla, and the work will shortly be started at the League island navy yard. This will be the first time wireless telegraphy has been placed on board a destroyer, but it is not expected that the apparatus will be placed on other boats of this class.

ENJOYING TRIP IMMENSELY

President and Mrs. Roosevelt Spend Much Time on Deck.

WASHINGTON, Nov. 11.—According to wireless messages received today at the White house from the battleship Louisiana, President Roosevelt and party are experiencing fine weather and greatly enjoying the trip.

One message received over night was sent from the ship Saturday at 8 p. m. and was as follows:

"At 8 p. m., lat. 28.27 north; long. 74. Weather fine."

This would indicate that at that hour the squadron was about 150 miles east of Jacksonville. Another message was picked up at 4:58 a. m., Sunday, by the station at Dry Tortugas, Fla., reading as follows:

"Weather excellent. Everything going well. Louisiana and convoys steaming southward in column. The president and Mrs. Roosevelt are greatly enjoying the trip, spending a great deal of time on deck."

BITES TONGUE NEARLY IN TWO

Boy Falls Distance of Twenty Feet, Striking on His Head.

Special to The Gazette.

CRIPPLE CREEK, Nov. 11.—Eugene Dennison, aged sixteen, while playing about the trestle of the Midland Terminal, spanning Poverty gulch, fell a distance of twenty feet this afternoon, striking on his head. He suffered a bad scalp wound, was rendered unconscious, and bit his tongue nearly in two.

W. R. HEARST,

Defeated Candidate for Governor of New York, Will Leave Today, According to Announcement of Independence League for California for Recuperation From the Strain Incident to His Campaign.

MEDICAL DEPARTMENT

SURGEON GENERAL O'REILLY MAKES REPORT.

United States Army in Point of Healthfulness Excels Nearly All Others.

WASHINGTON, Nov. 11.—The report on the work of the medical department of the army by Surgeon General R. M. O'Reilly, just made public, goes into that service during the calendar year 1905, and also compares the health of the different armies of the world as far as possible, in view of the different conditions in each army.

The highest rate of admission to the sick report is held by the Dutch army, whose rate is 1271 per thousand men, with the American army ranking second with 12.95 and the Russian army holding the lowest rate of 3.48 per thousand men.

The British army ranks first in the death rate with 7.13 per thousand men, the American army having the next highest 6.28. The Prussian army has the lowest rate, two per thousand men.

In Point of Health.

An important factor in judging the relative healthfulness of the different armies is the average duration of each case of sickness, the American army, according to their standard, excelling all others except the Dutch and Bavarian.

The total number of admissions to the sick report during the year was 73,742 equal to an admission rate of 1,295.97 per thousand men, compared with 1,354.89 for the previous year and 1,003.31 for the sexennial period from 1898 to 1903.

Death Rate Better.

The death rate also was much better than for the previous year, there being 368 deaths from all causes equivalent to 6.28 per thousand as compared with 6.75 for the previous year.

As a cause of death tuberculosis led with a rate of .63, a slight increase as compared with the previous year. Pneumonia was second, rate .32.

In a chapter devoted to recruiting, the report shows that as a result of the reduction of the minimum age for enlistment from 21 years to 18 there resulted an enlistment of 1,270 men under 20 years of age.

Speaking of the health of the troops in the Philippines the report says that all the rates except the death rate from disease were lower than in 1904. Tuberculosis alone caused nearly 50 per cent of the discharges and more than 20 per cent of the deaths from disease.

Medical Department's Needs.

Surgeon General O'Reilly states that the medical department is very badly in need of officers and that unless congress comes to its assistance it will be impossible for the department to reach a high degree of efficiency or to escape a lamentable breakdown on the occurrence of war.

DEFIES PRESIDENT

BRIDE STOWS AWAY ON HUSBAND'S SHIP.

HAD APPEALED TO ROOSEVELT

WOMAN IS ALMOST STARVED WHEN DISCOVERED.

DISGUISED AS A CAVALRYMAN

Niece of Late President McKinley Has Thrilling Experience in Effort to Accompany Soldier Husband to Philippines on Provision Ship.

DES MOINES, Ia., Nov. 11.—President Roosevelt, Secretary Taft and the whole war department have been vanquished by a mere slip of a girl in a contest in which love played the principal part.

Mrs. Grace McKinley Heidt, niece of the martyred president, who was once invited to share with the president's wife the honors of mistress of the White house, was the heroine against whom the entire forces of the United States government were arrayed and which fell in the unequal battle. It was only when the United States tried to break up the happy honeymoon which had its inception in the wedding of Miss McKinley to Captain Grayson Heidt of Atlanta, Ga., last July, that the government suffered defeat which even powerful nations could not bring about.

Ordered to Philippines.

Soon after the wedding Captain Heidt was ordered to the Philippines. Naturally his wife wanted to accompany him. Together they went to Seattle, but there McKinley's niece found herself against the stern regulations of the war department which forbade any woman to sail on a provision ship. Her husband had been assigned to a ship of this kind.

To General Humphrey, Secretary Taft and President Roosevelt she girl appealed successively, but in vain, in her endeavor to secure a modification of the rule. Even powerful friends of the late President McKinley enlisted to change President Roosevelt's mind, but to no avail. The president declared the transport Dix, upon which Captain Heidt was to sail from Seattle, was no place for women.

On the morning of his departure, Mrs. Heidt bade her husband an affectionate farewell at the dock.

Wife Dons Husband's Uniform.

Half an hour later she was home again, where she donned an old uniform of her husband's, and just before the ship sailed, walked up the gangplank and boarded the ship.

In the hurry of departure no attention was paid to the girl dressed in a dashing cavalry uniform and she was safely stowed away in the ship's hold. She was discovered three days later while the ship was far out to sea.

A steward dragged her to the deck, half-starved and almost famished for want of water. Her husband discovered her, forgave the daring girl and soon provided her with decent wearing apparel.

Mrs. Heidt wrote a friend at Fort Des Moines of her escapade, and despite the attempts of the army officers to keep the affair a secret, the facts have leaked out.

PANIC AT A THEATER FIRE

Moving Picture Machine Starts Small Blaze and Great Excitement Prevails.

EVANSVILLE, Ind., Nov. 11.—Two persons were seriously injured and a number of women and children bruised and otherwise slightly hurt in a panic caused by an incipient blaze from a moving picture machine at the Franklin street theater here last night.

A hot carbon used in the moving picture machine dropped into a basket of celluloid films. The flames sprang up to the ceiling and the curtains caught fire. Almost instantly the audience became unmanageable, and a mad rush for the exits was made. The men and the police, by hard work, quieted the excited people, but practically every seat in the theater was smashed during the rush for the doors. The loss from fire was small.

KILLED BY PET BUCK DEER

Herbert Bradley, a Wealthy Flour Exporter, Is Found Dead on His Estate.

NEW YORK, Nov. 11.—It was definitely established today at Montclair, N. J., that a pet buck deer killed Herbert Bradley, a wealthy flour exporter, whose dead body was found last night on the preserves at his home there. Deputy County Physician Simmons, of Orange, found that Mr. Bradley's death was due primarily to the deer ripping open an artery in his hip. The horns of the buck, the largest one belonging to Mr. Bradley and his special pride, were found to be covered with blood. The animal also attacked him with its hoofs.

Mr. Bradley returned yesterday from a business trip to the west and was told that a great deal of shooting by hunters was going on in the woods near his estate. He started out to see if any hunters had broken into his grounds, and it was while investigating that the buck killed him.

FUNCTIONS ARE TRANSFERRED

Electoral Committees Have Been Suppressed.

ODESSA, Nov. 11.—All the electoral committees in this city and in the provinces have been suppressed and their functions have been transferred to the town councils. The arrangements made by the committees have been canceled and their official posters have been removed from the walls of Odessa by the police. These measures, which are intended to prevent the mass of the people from taking part in the campaign for the election of members to the lower house of parliament, have produced a painful impression here. The students of Odessa university elected their electoral committee with the following poll: Social Revolutionist candidates, 212; Social Democrats, 73; Laborites, 188; Constitutional Democrats, 167; Government Supporters, 317; Zionist, 105.

FATAL RAILWAY COLLISION

One Trainman Killed and Several Others Injured.

FORT WORTH, Tex., Nov. 11.—A northbound St. Louis and San Francisco passenger train collided early today with an engine standing on a curve at the edge of the city limits. Joseph D. Wilkinson was killed and Engineer Robert Fowler was perhaps fatally hurt. Three other members of the passenger crew were injured. None of the passengers were hurt.

DEMOCRATS PLEASED

HOCH'S PLURALITY LITTLE MORE THAN 2,000.

Smallest Ever Given a Candidate for Governor in the State of Kansas.

TOPEKA, Kan., Nov. 11.—Complete official returns from 96 out of 105 counties received at 8 o'clock tonight, give Gov. E. W. Hoch a plurality of 2,000 over William A. Harris, Democrat. The nine counties still out are all small ones, but will probably bring Hoch's plurality down to 2,000 or less.

The Democrat campaign managers now readily concede the election of Hoch, but claim that his plurality is considerably less than 2,000.

Now that the first disappointment of defeat has worn off, the Democratic state leaders declare that they are highly elated over the showing made by the party at Tuesday's election, and claim that the cutting down of Hoch's plurality of nearly 57,000 in 1904 to less than 2,000 in 1906 is in itself a great victory.

Governor Hoch's plurality of about 2,000 is the lowest ever given a candidate for governor in Kansas.

BIRTH RATE IS DIMINISHING

Decreases at Alarming Rate in France.—Regarded as National Peril.

PARIS, Nov. 11.—Public attention has again been drawn to the national peril involved in the constantly diminishing birth rate by the publication of the vital statistics for 1905. The births in France for this year numbered 807,292, showing a decrease of 10,937 from the total of 1904. The reason for this decrease is not to be found in a reduction of the number of marriages, in which the statistics show a slight increase over 1904, but it apparently arises from the aversion of the French people to raise large families. The National association, which is studying the matter, has reached the conclusion that it is necessary to inculcate the idea that any couple that raises more than three children merit and are entitled to public gratitude and protection.

WAS STABBED WITH HATPIN

Prominent Young Man Dies of Injuries Suffered at Hands of a Woman.

SCRANTON, Pa., Nov. 11.—Thomas Dougherty, a prominent young man of Dunmore, a suburb, died in the state hospital here today from a stab wound. Dougherty died refusing to make any statement as to the name of the person who caused the fatal injury, but intimated that it was a woman and that he was to blame.

In the brief statement he made, Dougherty declared that he was visiting a woman and that she stuck a needle or a hatpin into him, after which he was taken ill. The post-mortem revealed that he had been stabbed with some fine instrument such as a hatpin, and that it had entered his heart.

The police are unable to discover any trace of Dougherty's whereabouts previous to the time that the doctor was summoned.

Coroner Streib tonight said the arrest of Mary Burke, a young Dunmore woman, on whom Dougherty called on Saturday night, had been ordered. The woman has not yet been located. The coroner declares that it was a hatpin which penetrated Dougherty's heart and that it passed through the fifth rib and that it passed through the fifth rib, indicating that it had been jabbed with great force.

WAS LAST SURVIVING WIDOW

Mrs. Damon, Widow of Soldier of the Revolutionary War, Dead.

RUTLAND, Vt., Nov. 11.—Mrs. Esther Sumner Damon, said to be the last surviving widow of a soldier of the Revolutionary war, died at her home in Plymouth Union, aged 93. She was married in 1835 when 21 years old to Noah Damon, who was then 78 years old. Damon served through the Revolutionary war, having enlisted in 1775.

HEROIC STRUGGLE

GENERAL SHAFTER ENGAGED IN LAST BATTLE.

LIFE HANGS BY MERE THREAD

ATTENDING PHYSICIANS BELIEVE THE END IS NEAR.

GREW WORSE DURING THE DAY

Veteran Soldier Has Been Confined to His Bed for Five Days Past Suffering From Pneumonia. Oxygen Is Now Being Administered.

BAKERSFIELD, Cal., Nov. 11.—At midnight Dr. Mitchell left the general's bedroom and at that hour the patient was resting easier. He seemed to be comfortable, and Dr. Mitchell expressed the opinion that the veteran will have strength enough to last out the night.

Life Hangs on Thread.

BAKERSFIELD, Cal., Nov. 11.—With his life hanging on a thread and the doctors having given up all hope, Major General William R. Shafter, U. S. A., retired, is making a heroic struggle against death, at the ranch of Captain W. H. McKittrick, his son-in-law, 20 miles from this city.

For six days past the veteran soldier has been confined to his bed, but not until Friday night was it known to attending physicians that acute pneumonia was sapping the life out of their patient. Dr. Hertzenstein of San Francisco, arrived here at 2 o'clock this morning. He was immediately conveyed to the McKittrick ranch, and after a consultation with the local physician came to the conclusion that his efforts would be of no avail, and returned a few hours later to San Francisco. A supply of oxygen, medicine and a trained nurse were ordered from San Francisco. These will arrive in Bakersfield at 10 o'clock tonight.

Gradually Grew Worse.

During the day General Shafter gradually grew worse and at 5 p. m. his condition was alarmingly critical. Offers of sympathy and anxiety from friends in all parts of the United States have been pouring into Bakersfield.

Dr. T. W. Mitchell took the temperature of General Shafter at 10:35 p. m., and immediately after gave the following interview to the Associated Press:

Dangerous Condition.

"The patient is now in a dangerous condition and from the nature of the illness I can not say whether he will live through the night or not." Drs. Hertzenstein and Thorne, who were called from San Francisco for consultation purposes, have laid out a course of treatment that is being closely followed.

"The results of the temperature as taken show it to have arisen to 102.3 since 9 o'clock, pulse 68, respiration 56."

Dr. Mitchell will remain in constant attendance at the bedside all night. A nurse and a quantity of oxygen and medicines arrived this evening from San Francisco and were immediately taken out to the ranch.

The patient's mind is still clear, although he is gradually growing weaker. Mrs. W. H. McKittrick, his daughter, and Captain McKittrick, are keeping a constant vigil. Mr. McKittrick has notified relatives and friends throughout the United States that there is no improvement and that the general's condition is very alarming.

ALFONSO STILL LIVES

RUMOR OF ASSASSINATION IS DENIED.

Alleged Plot to Kill His Majesty Published in Madrid Papers. Rigorous Precautions Taken.

LONDON, Nov. 11.—The Reuter Telegram company has received a dispatch from Madrid saying the report that King Alfonso had been assassinated is without foundation.

PARIS, Nov. 11.—There is a persistent rumor here tonight that King Alfonso of Spain had been assassinated on his arrival in Madrid.

According to the latest reports from Spain, King Alfonso and Queen Victoria have been spending a few days at Malaga, where they arrived November 1. According to the Malaga dispatch announcing their arrival, the local police had been advised before their majesties were due that suspected anarchists had suddenly disappeared from Barcelona and consequently the most rigorous precautions were taken for the protection of the king and queen during their stay in Malaga. All the houses in the streets which the king and queen were to pass were carefully searched.

When they arrived at Malaga they met with a cordial reception. They passed through the streets to the palace without any untoward incident.

A rumor of an alleged plot to kill King Alfonso was published in the morning papers of Madrid, October 23. According to this report a stout wire had been fixed across the highroad at a point which his track by would have to pass on his way back to Madrid, in an automobile. The wire was found shortly before the king's anticipated due to go by and was removed.

AN EPIDEMIC OF BURGLARIES

Murder Is Committed by Desperate Housebreakers in Pittsburg.

PITTSBURG, Nov. 11.—Henry Turth Smith, the 25-year-old son of Joseph Smith, a wealthy business man, was shot twice and almost instantly killed early this morning by a burglar whom he surprised in the dining room of his father's residence in the east end. The crime, following little more than a week after the murder of James A. McMillan, another wealthy business man of this section, together with a number of holdups by highwaymen during the past fortnight, has aroused the city and a demand for 150 additional policemen to suppress the wave of crime has been made by the citizens.

Desperate Battle.

That a desperate battle took place between young Smith and the burglar is evident from the disordered condition of the dining room and kitchen. In addition to the two bullets which entered Smith's body five other balls were found lodged in the woodwork. Three cartridges of Smith's revolver had been discharged. Neighbors who heard the shots and ran to their windows say they saw no one running from the Smith house. Hundreds of dollars worth of silver plate had been gathered together by the burglar. The police and detective force are working on the case, but so far no clue has been discovered.

A YEAR OF BLOOD.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds at the Heffley-Arcularius Drug Co. Price 50c and $1.00. Trial bottle free.

STAYS FURTHER PROCEEDINGS

Fire Chief Kingston Serves Writ of Certiorari on Clerk Grant in Matter of Special Watchers.

Special to The Gazette.

CRIPPLE CREEK, Nov. 11.—Chief of the Fire Department David Kingston this morning served a writ of certiorari on A. W. Grant, clerk of the district court, staying all further proceedings regarding the appointment of the four special watchers, made last Tuesday by Judge Seeds to guard the ballot boxes and poll books in the county clerk's office. Argument will probably be made in Denver Tuesday in the supreme court.

The guards are still on duty at the court house. It is learned tonight that in all probability the county commissioners will refuse to allow the salaries of the watchers, which is against $3 a day.

STEVENS LEADS BY ONE VOTE

Closest Contest in the History of Politics in the Seventh Judicial District.

OURAY, Colo., Nov. 11.—The closest contest in the history of politics in the Seventh judicial district is that between Judge Theron Stevens, Democrat, and Spencer Shackelford, Republican, which can only be decided by the official count. Late today, with the official count from three out of seven counties, comprising the district, Judge Stevens leads by only one vote.

On three different occasions has the result been changed by the receipt of belated returns from the outside precincts. Hinsdale has still to hear from [illegible] which may again switch the outcome.

To date the following pluralities are [illegible] for the respective candidates in the different counties:

Counties	Stevens.	Shackelford.
Montrose	221	[illegible]
Ouray	502	[illegible]
Hinsdale	31	[illegible]
Gunnison	154	[illegible]
San Miguel	[illegible]	55
Delta	[illegible]	94
Mesa	[illegible]	125
Totals	938	267

The official count has been completed in San Miguel, Delta and Ouray counties. Mesa and Montrose will be completed today, while Gunnison and Hinsdale will begin the canvass Monday. Yesterday Judge Stevens had a plurality of 21 votes, but this was cut down 20 by Delta.

Hinsdale's vote is expected to show an increase for the Democratic candidate, as in Gunnison county, while the plurality in Montrose may be cut down by the official count.

MAY BECOME DIVISION POST

Fort Riley, Because of Its Many Advantages, Pleases Secretary of War Taft.

FORT RILEY, Kan., Nov. 11.—Secretary of War William H. Taft and party, after spending Sunday at the post here, left late this afternoon for Fort Sill, Okla. From there the secretary will depart for Fort Sam Houston, Texas.

Secretary Taft, accompanied by Quartermaster General Humphrey, Brigadier General Barry and Captain Hutchinson of the general staff, arrived at Fort Riley late last night. This morning they inspected the ground that has been laid out for two regiments of infantry, a battalion of engineers and a signal company, posts necessary to make Fort Riley a brigade post. Secretary Taft expressed himself as pleased with the location, and said thus Fort Riley, on account of its location, extent, reservation and natural advantages, had a splendid outlook, having the qualifications of a division post.

Secretary Taft and party were given a luncheon at the quarters of Col. E. S. Godfrey, and later was tendered a reception that was attended by all the officers and ladies at the post.

POLITICAL OFFENDERS EXILED

Constitutional Democratic Officials Being Dismissed.

ODESSA, Nov. 11.—According to advices received here from Yekaterinoslav and Kishinev, 104 men were today sent into exile for minor political offenses. Local governors are dismissing officials for refusing to leave the ranks of the Constitutional Democratic party and are promising promotion with the alternative of banishment if the officials will attach themselves to parties friendly to the government.

AN IMPORTANT HORSE SALE

Spain, the Noted Horseman, Disposes of Thoroughbreds.

LEXINGTON, Ky., Nov. 11.—John Spain, the noted horseman, today sold to L. V. Harkness, owner of Walnut Hall stock farm, Josephine Dixon, 2:09¾, in foal to Moko; Rose Warren, 2:23, dam of Toronto Britton, in foal to Walnut Hall, 2:08¾; Lucinda Princess, dam of Walker King, 2:11¾; Flexo, 2:14¾; Emma T., 2:11¾, dam of Miss Adbell, 2:09¾; Emma Brooks, 2:08¾; Hallie Harding, dam of Bettie Brooke, in foal to Moko, a full sister to Emma T., in foal to Flexo; and two others with records better than 2:30. The amount involved was considerably upward of $26,000. It is regarded by horsemen as the most important sale of trotting bred blood mares in Kentucky in years.

KONDONS CATARRHAL JELLY

A Sample Box of Kondon's Catarrhal Jelly

[illegible] Catarrh, Catarrhal Deafness, Hay Fever, Cold in the Head or any Nasal Catarrh.

VERY TESTIMONIALS WORTH READING.

Co., Minneapolis, Minn.: Gentlemen: As a general thing I am opposed to writing letters of praise and sentimental recommendation to medical firms [illegible] but I want to be plain, and as the saying goes let you know clearly that I now make an exception to that mode of thinking. I have a bad case of catarrh, and after very [illegible] from Hay Fever, which seems to end with smarting always predominates to such an extent that when a cold is in progress I am utterly miserable. Last week I had a severe cold, and I, of course, was sneezing my head off, as usual, when a police officer here, a friend of mine, recommended your Catarrhal Jelly. I tried it and I feel confident that I have found a real cure for sneezing. It has helped me wonderfully and I shall honestly and gladly ask my friends to use it, when they get to need such a remedy. Below I send a friend to your pleasant little cure, and I shall never be without it.

HUGE THEATRICAL COMBINE

Largest Combination of Its Kind in the World Being Formed in Chicago.

CHICAGO, Nov. 11.—The Tribune tomorrow will say:

The most gigantic theatrical combination in the world, of which the biggest syndicate now in existence will be only a part, is in the process of formation in Chicago. The new combination is to include 350 of the most important theaters in the United States, will be represented in every city from New York to San Francisco and from Portland to New Orleans, will dictate matters of bookings, tours of all big companies, and, in a word, do the theatrical [illegible] if not the world.

Although the combination is still in process of formation, the following interests are stated as those to go into it: Klaw & Erlanger, Daniel Frohman, Charles Frohman, Al Hayman, Nixon & Zimmerman, Rich & Harris and the Orpheum circuit.

It is estimated by some of the managers who expect to go into the new combination that the properties controled by the corporation will value far in excess of $50,000,000. According to present plans a new corporation will be formed, probably under the laws of Illinois. Its capital stock will be placed somewhere between $50,000,000 and $100,000,000.

ERIE FIREMEN MAY STRIKE

Will Vote on Refusal of Company to Grant Demands.

NEW YORK, Nov. 11.—The question of a strike of the firemen on the Erie railroad system because of the refusal of that company to grant the men's demands for reduced working hours is now being voted upon. The result probably will not be known until Tuesday.

If the firemen vote to uphold the grievance committee, a strike that will affect the Erie road and all its subsidiary lines from New York to Chicago will follow. Besides the 1600 firemen on the road, there are 600 locomotive engineers who have been promoted from the ranks of the firemen and who still carry firemen's union cards. These engineers also will vote on the question.

At the headquarters today there were sixty engineers representing the engineers on the Erie, the Delaware, Lackawanna and Western, the New York Central and the New York, New Haven and Hartford railroads. William S. Stone, grand chief of the Brotherhood of Locomotive Engineers, was present, but after the meeting he declined to make any statement.

Besides the secret conference of engineers here today, there was a meeting tonight of West Shore railroad engineers at Union Hill, N. J. It is reported that this gathering related to the present railroad situation. It was said tonight on good authority that the marine engineers on the tug boats and the ferry boats of the Erie railroad had formulated a petition asking for an increase in pay, and that this demand will be pressed with the demands of the Erie firemen.

Despite today's developments, E. W. Hurley, assistant grand chief of the Brotherhood of Locomotive Engineers, said the Erie engineers were neither expecting nor desiring a strike. He remarked, however, that the brotherhood was in an excellent condition to stand a strike, as were the firemen.

It was announced by Chief Hannahan tonight that committees of the trainmen's and firemen's organizations are now in Pittsburg to ask the Pennsylvania railroad for an advance in wages on the lines west of Pittsburg. These committees will probably confer with the company tomorrow.

FORGER SWALLOWS CHLORAL

Had Carried Bottle for Years to End Life if Apprehended.

SPRINGFIELD, Mo., Nov. 11.—A man believed to be E. L. Travis, with numerous aliases and wanted for alleged forgery, swallowed an ounce of chloral in the police station here early today, and may die. He was arrested by the local police yesterday. Detectives arrived from St. Louis today for the man, but refuse to say where he is wanted, except that they have been chasing him for three years. Travis is said to have confessed to the police that he is wanted in a dozen different states. He told the prison physician that he had carried the chloral for years with the intention of using it if apprehended.

Travis arrived in Springfield on September 29, and since that time had made deposits of small sums at four local banks, using a different name in each instance. Besides the name of E. L. Travis, he deposited money under the names of E. E. Edwards, J. A. Manning and W. G. Wallace.

WEEP AT LOSS OF GUNS

Offending Negro Companies 25th Infantry Formally Disarmed.

EL RENO, Okla., Nov. 11.—The members of Companies B, C and D, of the 25th Infantry (negroes), recently ordered dismissed by President Roosevelt as a result of the riotous disturbances at Brownsville, Tex., on August 13, were formally disarmed today. Many of the men, some of whom had been in the service more than twenty years, shed tears when they gave up their guns. Tomorrow the disarmed troops will have battalion drill without arms and they will be discharged immediately upon receipt of the official order from Washington, probably Monday or Tuesday.

The Second battalion of the 25th Infantry, under command of Major Charles J. T. Clarke, which arrived last night from San Antonio, has gone into camp just outside the garrison limits of Fort Reno. The negro troops have shown no disposition to be idle.

GREAT GAME SATURDAY

TIGERS AND MINERS TO CLASH IN DENVER.

State Championship Hangs on Match. Teams Have Tied for Two Years. Big Crowd Expected.

Who will win the Colorado Intercollegiate football championship this season? This is now the all-absorbing question in state football circles, as it will be until the whistle rings down the curtain on the great gridiron battle in Denver next Saturday between the Colorado college Tigers and the State School of Mines team.

As in 1904 and 1905, the state championship [illegible] between the Colorado college Tigers and the Miners. Denver and Boulder are out of the race and few are willing to concede that the Aggies have a chance to land the bunting, notwithstanding the fact that they have made a creditable showing in defeating the Tigers and playing the State university to a tie game. Therefore, the eyes of the Colorado football world will be centered on the Tigers and Miners all this week.

Whatever the result, a great game is promised Saturday. The teams appear to be evenly matched as far as weight and playing ability is concerned and it is likely to be an endurance test. If the Tigers can line up Saturday with a slight advantage in condition, which has always been one of the team's strong points, it is probable that they will return to Colorado Springs with another game to their credit and a firm grasp on the pennant. If the reverse is true, the Miners will probably twist the Tigers tail and walk away with the honors. With this in mind, Coach Richards will keep his men going at a lively pace all week.

Reports from Denver indicate that the largest crowd ever assembled at a football game in Colorado will witness the battle of giants next Saturday. Golden, it is said, will be represented by 1,000 rooters and it is probable that 500 supporters of the black and yellow will be on the sidelines when the whistle announces the beginning of hostilities. In addition to over 200 Colorado college students, who will go to Denver by special train, scores of townspeople are planning to be on hand to root for the Tigers. Special rates to Denver will be offered by at least one, and probably all of the roads.

A game outside the state which is attracting national attention is that between Coach Yost's famous Michigan eleven and Pennsylvania. The game will be played next Saturday at Philadelphia and though many are disappointed with the showing of both Michigan and Pennsylvania thus far this season, the contest will be "for blood" and well worth seeing.

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup. Such a man exists.

Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by the Heffley-Arcularius Drug Co.

DRYDEN MAY LOSE HIS SEAT

New Jersey Statesman Likely to Be Shelved in the Senate.

NEW YORK, Nov. 11.—United States Senator Dryden stands in danger of not being re-elected from New Jersey. State Senator Edward R. Ackerman, who has been with him, has deserted the Dryden ranks and Dryden was thus made one vote short of his majority of the legislature on joint ballot.

The thirty-seven Democrats, together with Senators Ackerman and Colby of Essex and Assemblymen-elect Fake and Devine of Bergen, who have declared against Dryden, will muster a total of forty-one of eighty-one members of the legislature.

These four Republicans can, if they combine with the Democrats, name Stokes, Griggs or some other than Dryden upon whom they may agree.

As soon as they heard of Ackerman's opposition to the insurance trust candidate, which he announced in a statement, the anti-Dryden men declared that they would be reinforced by Senators Hillery of Morris and Minch of Cumberland and a number of south Jersey members of the assembly.

It may be recalled that Senator Wakely of Passaic, who four years ago declined to support Dryden, will join the opposition.

Senator Ackerman, after declaring that he would not stand for Dryden, added that in case Governor Stokes is unwilling to run he will give his vote to former Attorney General John W. Griggs.

SEATTLE, Wash., Nov. 11.—At a mass meeting of the Shingle Manufacturers association, held here last night in the Lumbermen's club, it was definitely decided to close the shingle mills on the night of December 15 and to continue the suspension until February 18, sixty-five days. The action of the manufacturers throws many men out of employment.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you can safely say, without trying it, "I do not believe it will help ——"

ADAMS HASN'T DROPPED DEMOCRATIC CLUB CASE.

Must Discontinue Sale of Liquor, Says Chief—No Developments Yesterday.

There were no developments yesterday in regard to the threaten-d closing of the Democratic club by Chief of Police Adams. The club, it is said, is being conducted as usual.

Chief Adams, who has been away for two days, returned early yesterday morning. He declares emphatically that the matter has not been dropped, and that civil proceedings will be instituted against the organization should it continue the maintenance of its bar.

The directors of the Democratic club will hold another meeting on November 20 to pass on the charges preferred against Directors Clyde Starrett, W. E. Doyle and W. C. Jones.

The meeting on November 20 will probably result in the expulsion of the latter, according to a member of the opposition, unless they resign before that time.

KILLED IN A RUNAWAY

JOHN C. KANUCH OF CALHAN MEETS AWFUL DEATH.

Ranchman Trampled to Death by Team of Horses.—Wagon Also Passes Over Body.

John C. Kanuch, an aged ranchman living three miles northwest of Calhan, this county, was trampled to death by a team of frightened horses at his ranch, Saturday afternoon. Kanuch was feeding his horses near the stable. He had slipped off both bridles, and was standing in front of the animals, when they became frightened, and, running forward, knocked him down and trampled upon him. The heavy wagon attached to the team passed over Kanuch's body.

The ranchman was almost instantly killed, dying of internal injuries a few moments later. Coroner D. F. Law will hold no inquest, and the body will be buried at Calhan today.

Kanuch was 61 years old, and had lived in the eastern part of El Paso county for 13 years. He is survived by a widow and several grown children, one of whom is section boss at Calhan, on the Rock Island railroad.

AUSTRALIAN WATER BIRDS

A pair of these beautiful and peculiar birds are being exhibited in the windows of the Yorhes Shoe Store. Live under water as easily as other birds live in the open air.

A pair of new birds are in town. They are the famous Australian water birds and are on exhibition in the show window of the Yorhes Shoe Store. These beautiful birds are attracting a large crowd of interested spectators. With pretty fish swimming all about them, they hop around and seem to enjoy themselves and are perfectly at home regardless of the water. This is the first time water birds have been seen in Colorado Springs, and they are well worth seeing.

SCHOOL NEEDS $12,000

COMMITTEE IS APPOINTED TO RAISE FUNDS.

Wonderful Possibilities of Colorado College Engineering School Discussed by Prominent Men.

A committee of business men and engineers of this city will be appointed shortly to co-operate with Dean Florian Cajori of the Colorado College School of Engineering, in placing the school in closer touch with the engineering enterprises of this region, and in securing funds necessary for its immediate growth. [illegible] estimates that $12,000 will be required this year to equip the engineering laboratories more adequately along practical lines.

A meeting was held in Palmer hall last Friday night to consider the future development of the engineering school of the college. Among those present, in addition to the engineering school faculty, were T. J. Fisher, E. C. Van Diest, Mayor H. C. Hall, President J. A. Hayes of the First National bank, President A. G. Sharp of the Exchange National bank, L. E. Curtis of Curtis & Hine, G. M. Taylor, assistant superintendent of the Portland mill, C. P. Dodge, G. C. Hewett, E. A. Sawyer, W. W. Hussell, M. F. Dolan, District Attorney C. C. Hamlin, H. W. Fox, superintendent United States Reduction and Refining company, P. T. Hanscom and Mr. Korkel.

Needs of the School.

The meeting was opened by Professor Cajori, who reviewed briefly the work of the school during the last three years and referred to the equipment of the laboratories in Palmer hall and in the shops for carpenter work, pattern making, forging and iron work. He spoke of the hydraulic laboratory now being fitted up in the basement of Cutler building, as well as of the drafting room on the second floor of the building, the large Riehle machine for testing the strength of material and the cement-testing machine. The equipment secured thus far is all of the best quality, but Dean Cajori pointed out the immediate need of further laboratory resources to meet the demand of modern engineering.

"We must develop our own ore-dressing laboratory, our metallurgical laboratory; we must enlarge our equipment in the dynamo room, especially along the lines of alternating current machinery, and we need apparatus for stream measurements and advanced surveying," he said in conclusion.

President Slocum presented the importance of a larger development of the school, and of the need of the hearty co-operation of engineers and business men in the furtherance of the work. A general discussion followed, participated in by nearly all present.

Hydraulic Engineering.

Leonard E. Curtis spoke of the extensive plans now under way in this state for the development of water power, and mentioned the need of trained men to carry on the work. He said that in hydraulic engineering California, and not Colorado, has produced the ablest engineers. Mr. Curtis emphasized the advantages of an engineering school located in the region where engineering enterprises are under way, pointing out the beneficial results of the combination of theory and practice.

J. A. Hayes, who is closely connected with mining enterprises in this state, spoke of the importance of a school of this kind to the mining interests, and expressed the opinion that the time has arrived for local business and mining men to give vigorous support to the work of the school of engineering of Colorado college.

H. W. Fox of the Standard mill declared himself strongly in sympathy with the aims of the school. C. C. Hamlin referred to the difficulty of securing capable engineers, emphasizing the need of thorough training in this respect. G. M. Taylor of the Portland mill touched on the puzzling problems which continually arise in practical metallurgical operations. He was of the opinion that aid in these matters could be given through experimental work on the part of advanced students in the engineering school laboratories. He said that only recently several Colorado college students secured a few sacks of ore for the purpose of conducting certain cyanide tests.

Sharp, Hall and Dodge Speak.

In expressing his warm interest in the purposes of the engineering school, A. G. Sharp discussed its relation to the general development of the state at large, declaring it to be an important factor therein.

C. P. Dodge spoke of Colorado Springs as a coming educational center, especially along scientific lines, and placed himself on record as heartily in accord with the aims of the school.

Mayor Hall mentioned the possibility of this city, rather than Denver or Pueblo, becoming the "Pittsburg of the West," through the utilization of water power. He pointed out that the use of water power for the generation of electricity would obviate the smoke nuisance.

Mayor Hall requested a more detailed statement of the present needs of the school of engineering, and in reply President Slocum stated that a large endowment fund like that of the Sibley college of Cornell, or of the Lawrence Scientific school at Cambridge, is needed to place the local institution on a firm and permanent basis. For this year, President Slocum said, $12,000 is required to equip the engineering laboratories more adequately along practical lines.

Dr. Slocum expressed the hope that this sum might be raised immediately, as it would greatly facilitate the work of the school, especially in the ore-dressing, metallurgical and hydraulic laboratories and dynamo room.

Before adjournment a motion was passed that a committee of business men and engineers be appointed to co-operate with Dean Cajori in placing the school in closer touch with local engineering enterprises, and in securing the necessary funds for its immediate growth.

SEEDS MUST NOT INTERFERE

Hamlin Secures Writ of Certiorari Restraining Him From Interfering With Official Count.

District Attorney C. C. Hamlin and his assistant, C. A. Gillette, the latter of Teller county, Saturday secured a writ of certiorari from the supreme court, restraining Judge W. P. Seeds of the Fourth judicial district from interfering with the official count of election ballots. Seeds, who was a candidate for supreme judge, issued an order appointing four watchers to guard the election returns. The watchers took complete charge, it is said, refusing to allow the county clerk of Teller county to proceed with his official count.

The writ of certiorari restrains the watchers from taking further action until the case is heard on its merits before the supreme court, which will probably be this week.

Whose Say-so Is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst the writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; Prof. Jas. King, M. D., late of Cincinnati, Ohio; Dr. Grover Coe, of New York; Dr. Burlebow, of Jefferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prolapsus, anteversion and retroversion and corresponding irregularities, cures painful periods, dries up exhausting and weakening drains, so well known as pelvic catarrh and a multitude of other diseases peculiar to women. Bear in mind, it is not a patent nor even a secret medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the care of women's delicate ailments, who frankly and confidingly takes his patients into his full confidence by telling them just what his "Prescription" is composed of. Of no other medicine put up for women's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably by letting every patient know the exact medicine she is taking.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is sold in Dr. Pierce's Common Sense Medical Adviser. It is *free*. For a paper cover it costs only one dime (10c) to cover cost of mailing only; a cloth-bound copy is 50c. Address Dr. Pierce, Buffalo, N. Y.

UNION THANKSGIVING SERVICE

Ministers Will Select Place and Leaders at Meeting at Y. M. C. A. This Morning.

Arrangements for a union Thanksgiving service will be made at the meeting of the Ministerial alliance in the Y. M. C. A. rooms this morning. It is planned to hold services on Thanksgiving day, in which practically all the churches of the city will join. The church in which the exercises will be conducted, together with the ministers who will participate, will be selected at today's conference.

The meeting will be held at 10:30 o'clock this morning. The principal feature, in addition to the Thanksgiving arrangements, will be the discussion of the subject, "Local Evangelism," led by Secretary C. D. Hall of the Y. M. C. A.

MOUNT CULEBRA IS QUIET

Report of Eruptions Disproved by Associated Press Correspondent.

DENVER, Nov. 11.—The Associated Press correspondent at Trinidad, Colo., went to Stonewall, N. M., today to investigate the report that Mount Culebra was in a state of eruption. He wires that the report is untrue; that the smoke issuing apparently from the summit of the peak really comes from burning timber on the New Mexico side of the mountain.

THOSE PROMISES.

IN THE platform adopted by the last Republican convention, a number of reforms were favored. These may be divided into three classes, those which were pledged, those which were recommended, and those to which attention was drawn as desirable.

First, for the pledges. These are four in number; a revision of the insurance laws, the enactment of a local option law, the enactment of a law to abolish the present mileage expense in connection with the state institutions, sheriffs, constables, and other state and county officials, and "earnest efforts" to advance agriculture.

Second, for the recommendations. There are six of these: a railway commission law; an anti-trust law; an anti-lobbyist law; a public examiner law; a pure food law, to supplement the recent legislation by Congress; legislation providing for better care of the insane wards of the state, and an enlargement of the state Asylum for the Insane.

Third, for those regarded as desirable. Of these there are two: some method of enabling the people to express at the polls their preference for United States Senator, and legislation for the building of good roads.

This is a pretty extensive program. The four pledges alone will take a considerable share of attention, especially the insurance laws. The preliminary work for this revision has already begun, and by the time the legislature meets, a measure will be ready for its consideration which will at least be an improvement over the present jumble. A local option law will no doubt be prepared beforehand also, and it should not take long to get it into proper shape. The other two are easy.

Laws to carry out the recommendations will take a longer time, and it is altogether possible that not all of the measures favored may be passed at the coming session. The Appropriations Committee can take care of the Insane Asylum. Of the others, the most important are the public examiner law, and the railway commission law. The first of these, if prepared carefully in accordance with the experience of Ohio and other states which have adopted this sort of legislation, would perhaps not meet with very long or determined opposition. The railway commission bill would have to be threshed out at length, and there would very probably be a considerable amount of lobbying by the agents of the various railways.

If a pure food bill is introduced, it also will be likely to meet with strenuous opposition from those who may consider themselves unfavorably affected by its provisions. The anti-trust bill and the anti-lobbyist bill also might meet with strong resistance. Any attempt to make a law providing for the expression of preferences at primaries or polls would be likely to entail a long discussion, and there might be difficulty in deciding among the many plans offered.

It is not at all probable that satisfactory laws covering all these matters can be obtained at a single session of the legislature. All such measures should be carefully considered, in all their possible bearings, for it is easy to do more harm than good by indiscriminate efforts at reform. It is not likely that any measure to carry out the recommendations will be flatly defeated, but it is probable that not all of them can be got through in satisfactory shape. Some of them, however, and those the most important, ought to be enacted at the coming session, and it behooves our legislators-elect to study up on these questions, and be prepared to vote on them intelligently when the proper time comes.

THE DEMOCRATIC FUTURE.

THE Democratic party of Colorado, under its recent leadership, has met with a disastrous defeat. The man who set up to be its absolute boss has been discredited. The men whom he nominated and dominated have been defeated.

What future has the Democratic party in this state?

There are two possibilities. The first is, that the Democratic party shall go still further on the road it has been traveling for the past two years, and become practically a Socialist party, under the leadership of demagogues, catering to class hatred, trying to arouse discontent, and becoming more and more unsafe and insane.

The other possibility is, that the party shall pass under the control of its more conservative elements, and have for its leaders men like Hughes and Stimson and Yeaman and Speer.

From a purely partisan point of view, Republicans might desire to see the Democrats adopt the first of these alternatives, and thereby drive all the conservative Democrats into the Republican ranks; but it would be better for the interests of the state, and therefore of Republicans as citizens of the state, for the Democratic party to become once more a fairly respectable organization—one which, if it should win a victory, would conduct the business of the state on a decent basis—one whose advent to power would not mean disaster to the business interests.

If the Democratic party will get rid of the Old Man of the Sea who has been strangling it for two years, repudiate him and all his works, and allow its old and trusted leaders once more to direct its policy, it may some time deserve and receive the public confidence. The one Democrat who has come out of the campaign with flying colors is Mayor Speer of Denver. Whatever may be said against him—and most of what has been said against him is untrue, like all the abuse in the Patterson papers—he has made a good Mayor. He has the confidence of the solid men of Denver. He has shown that he has an effective political machine. He is a good organizer, and a man of brains and energy. As things stand, he would be the natural leader of a reorganized Democracy, if the Democracy has sense enough to reorganize. The majority of Democrats in Denver would be enthusiastically for him. If any man can ever lead them again to victory, it is he.

It will be interesting to see which course the Democrats will take. With Patterson so thoroughly beaten, they can get rid of him if they will. They can check the drift of the party toward becoming a mere annex to the Socialists. They can [illegible] The Republicans have done a good turn to the real Democrats in beating Patterson, and Mayor Speer has helped. Will they have sense enough to "blow beneath the chastening rod," recognize the logic of the situation, and reorganize on conservative lines, or will they go on in the blind and fatuous course which has led to their recent defeat?

The Denver News prints an editorial headed "Some Reflections on the Election." For the benefit of its erstwhile followers, the News ought to devote its space to advice on "First Aid to the Injured."

An examination of the returns from New York shows that there were three other gubernatorial candidates besides Hughes and Hearst, but nobody knew it until the official count appeared.

There's always something in a name if you look for it. Dr. Karl Muck is leader of the orchestra for the dramatized version of Upton Sinclair's novel, "The Jungle."

Bryan says the election last week was really a Democratic victory. This is at least as truthful as some of the Democratic oracle's other utterances.

J. Pierpont Morgan paid $25,000 for a Bible and was then assessed $1,000 duty on it. And yet they say that salvation is free.

HOT RELIGION.

From the Florence Tribune.

Why is it that nearly everybody who attends church likes to sit in the end of a pew and hold onto it like grim death and every person who gets a seat in that pew must stumble over them? Well, we confess we do that sort of a thing. It is to get out quickly in case of fire—we sinners are quite strongly reminded of fire, flames and brimstone that is pursuing us, and we can't tell just exactly when it is going to come. We want to be in position to make a quick get-away.

THE EDITOR'S BUSINESS.

From the Florence Tribune.

An irate citizen says that hereafter he wants the editors to mind their own business. My dear Christian friend, did you ever reflect in your contemplative moments, when the moon is beaming, when the whippoorwill sings in the tree, when the hired man snores in the loft, the yellow dog sleeps on the lea, and the mosquito gets in his work—did you ever reflect in such times upon the idea that a paper containing only accounts of the editor's own private business would be apt to prove monotonous to the general public? They might stand it for a while, but in the end it would be a thorn in the side and a chalenge to the flesh, and all that sort of thing. No, brother, the editor's business is to make everybody's business his business. That's business. So there's no use in making a chronic kicker of yourself for anyone.

NOTICE, WORTHY BEGGARS.

From the Denver Post.

Joe Langer, staff photographer of The Post, is of the opinion that Denver has very few, if any, worthy beggars. He has been looking for one for more than a week. A few days ago Joe found a dime on the street. "What shall I better do with this?" he asked himself. Then he decided to give it to the first worthy beggar he met. He started out to find the beggar. At every turn prosperity met him and pushed the dime back into his pocket. True, he found beggars—two or three—but they could not show themselves to be worthy. They were able to work and employment is easily secured in Colorado now. Since Sunday Joe hasn't been able to find any kind of a beggar at all and he is almost discouraged. He still has the dime. Any beggar who is sure he is worthy may have the money by calling on the man who has it. Joe Langer is 5 feet 10 inches tall, has dark hair, is rather thin and wears glasses. There you are, worthy beggar, go after it.

COLLEGE NOTES

Professor Noyes, of the English department, is ill and has had to give up his work for the present.

The senior class will entertain the Juniors in Pearsons club house on the evening of November 14. At that time the juniors will present each member of the senior class with a photograph of Freshman Sloan and the hatchet will be buried by the two classes. There are about sixty juniors and forty seniors this year.

Insignia day will be observed at the college next Wednesday. The caps and gowns have arrived and the seniors are prepared to assume the dignity worthy of the occasion.

Mr. McBride, of the senior class, is suffering from a severe cut in the head received last Monday night. He was riding his wheel down Platte avenue and was struck by a man riding on the wrong side of the street. He was picked up unconscious and it was found that a long gash had been cut in the back of his head. A physician attended to the wound and Mr. McBride is fast recovering.

The Glee club is fast reaching a state of perfection. The meetings of the club are held several times each week and competition for places is very close. A quartet has been formed which will go with the club doing part of the special work.

A special train has been arranged for to take the friends of the Tigers to the Mines-Colorado college game next Saturday. This is the hardest game the Tigers will have to play this year and the rooters are going to assist the players as much as possible.

Miss Edith Hall, Miss Rheba Haynes and Miss Margaret Mack have been selected by the Y. W. C. A. to represent the association at the state convention, which will be held in Greeley the last of this month. Miss Mack and Miss Hall will be the guests of Miss Haynes while in Greeley, as that is her home. Several other members of the association will go, but not as official delegates.

Professor Gile addressed the meeting of the Y. M. C. A. Friday night.

Mrs. Lester McClain, of Denver, addressed the Minerva, Contemporary and Hypatia literary societies in the Pearsons club house Friday afternoon on "The Factory Girl." She gave an interesting talk and brought out many things about a factory girl's life not known to the average college student. Mrs. McClain graduated from Colorado college several years ago and since that time has worked among the girls of whom she spoke. While in college she was a member of Minerva and one of the best workers.

The Minerva Literary society was entertained at the home of Mrs. Cajorie on Wood avenue Friday evening at a sewing party. The evening was spent in dressing dolls and making remnants and various other articles, which are to be sold at the Minerva fair December 14 and 15. Refreshments were served. About 24 were present, including several of the alumni of Minerva.

The Contemporary and Hypatia Literary societies will take in their new members the last of this month. None of the societies do any rushing as it is against the inter-society agreement and great interest is being shown as to whom the different societies will select as members. The Minerva society will not take in any new members but will pledge the new freshmen and will take them in next spring.

Mrs. Ahlers entertained the Minerva Literary society about a week ago at a sewing party. The members of the society are hard at work preparing for the annual fair. Mrs. Ahlers entertained the society in a pleasant manner, serving refreshments.

The Apollonian club will hold a unique meeting next Friday night. The different members of the club will represent the states and a mock session of congress will be held. The evening will be spent in parliamentary drill, which is always enjoyed by the members.

The date of the Minerva function will be December 18. This function is considered to be one of the leading society events at the college. It will be held in Ticknor hall.

The college picnic last Wednesday was a great success. About 350 took advantage of the holiday and went to the mountains in celebration of the football victory. The football squad of the High school were guests of the college students. A regular picnic lunch was served by the committee, of which Miss Lulu Aitken was chairman. Speeches were given in the afternoon by Gil Morrill of the High school team and by Captain Hedblom of the Tigers.

President Slocum gave his fourth address on "Loyalty" in chapel Friday. These addresses are interesting and helpful to the students.

The Apollonian club gave an excellent program Friday night. Several of the new men took part and some of them displayed marked ability. Mr. Coil gave an interesting talk on his native state—Texas. Mr. Hills spoke on the result of the election in the state of New York. The music of the evening was furnished by the gifted musician, Mr. Norton. The debate was on the question, "Resolved, that a national divorce law should be passed, providing that an amendment to the constitution make such a law possible." The affirmative was upheld by Mr. Gore and Gilbert Smith; the negative by Mr. Turner and Harry Ewing. The decision was in favor of the negative.

The freshies and sophs are debating as to which class will be victorious in the coming football game. Both classes can furnish good men and no doubt the game will be interesting and full of life.

Miss Anna Alfred, ex-Colorado college, '10, is a new member of the K. G. society at the State university at Boulder.

The Kappa Sigma fraternity will give its first dance on November 24.

The Pearsons Literary society will have its annual "ladies' night" on November 23.

Mr. McClennahan of Monmouth, Ill., was elected a member of the Apollonian club Friday night. Mr. McClannahan comes from a family of debaters. Two of his brothers were on the winning Princeton debating team against Harvard last year.

The Contemporary Literary society will give its annual German to the new girls of the college next Friday evening in Ticknor hall.

The Pearsons Literary society held its initiation for new members Friday night. About 15 new men were taken in.

Hayes Says He Knows of No Deal Pending for Moose Property.

J. A. Hayes, of this city, a director of the Moose Gold Mining company, last night stated that so far as he knows there is no deal pending for the purchase of the Trilby and Ben Harrison claims of the company. A report was published yesterday morning to the effect that Philadelphia and Pittsburg capitalists were expected to arrive in this city tomorrow to close the projected purchase. Mr. Hayes could not be seen last night.

The negotiations in question, according to Mr. Hayes, were dropped two weeks ago.

WHAT THE PRESS AGENTS SAY

"UNCLE TOM'S CABIN" AT OPERA HOUSE TONIGHT

Stetson's production of "Uncle Tom's Cabin" will be seen at the Opera house this evening. The wonderful popularity of Harriet Beecher Stowe's masterpiece all over the United States for the past forty years has led to its production by all kinds of managers with all kinds of actors, good, bad and indifferent. There is magic in the name of Uncle Tom and its capacity to draw the public to see it is phenomenal. This, as pretty much all theatergoers are aware, has been fully taken advantage of by a horde of irresponsibles and a production by them, at once "Wild and Woolly," has been too often the result. When produced with a proper dramatic cast, coupled with proper stage and mechanical equipment, no such story of American life, prior to the great crisis in our national affairs, has ever been penned. For twenty years the Stetson production has been the leading one, steadily advancing each season with the wonderful strides of progress. The rolling stock parade feature, the scenic investment, the choruses have been steadily added to, while the musical and dramatic roles have been placed in the hands of artists of reputation. A corps of colored singers, cakewalkers, dancers and fieldhands from the cotton belt lend realism to the plantation scenes.

"PARSIFAL"

"Parsifal," a play that is creating a great deal of interest, will be presented at the Opera house tomorrow evening by an excellent company of players. The play of "Parsifal" essentially appeals to the intellect, and one whose best enjoyment is gained through that medium cannot find a more worthy vehicle than "Parsifal," as presented by Messrs. Martin and Emery's capable company. The spectacle, however, cannot fail to please all classes. There is something in its production that will appeal to every individual taste. But there is that something in this "drama of all dramas" sweetly pervading its four absorbing acts, that never fails to hold its auditors from beginning to end spellbound with intense interest and pleasure. This something is its sweetly human story, told with its expressive symbols and allegory, and enhanced and heightened with the air of mysticism and orientalism surrounding and permeating it all. "Parsifal" patrons should bear in mind that the first lift of the curtain will occur promptly at 8:00.

"THE MAN ON THE BOX."

Max Figman in "The Man on the Box," at the Opera house on Wednesday evening will be a refreshing change from the musical melange and weird dramas with which the public has been so much afflicted lately. "The Man on the Box" is a comedy, adapted by Grace Livingston Furniss from Harold McGrath's book of the same name which has been so widely read. It relates a pretty love story in a comedy setting and is brimful of bright lines and laughable situations. The idea and its development is cleverly original and wholesomely clean. It is the best [illegible] and played to crowded houses for three hundred nights in New York city last year. Max Figman has made the hit of his life in the title role and has established himself a successful star from the start. His support is good. Reserved seats are now on sale. No advance in prices.

"THE MAID AND THE MUMMY."

"The Maid and the Mummy," Richard Carle's most successful musical piece, might well have been named "The Maids and the Mummy," for there is only one mummy to thirty girls in the cast. The management has been careful to take only the prettiest girls for the chorus that is to present this merry musical melange this fall and winter, and there never were more lovely girls than the Foster Girls, the Polly Girls, the Julia Girls and the Automobile Girls. The book of "The Maid and the Mummy" is by Richard Carle, the music being by Robert Hood Bowers. The story is an interesting one and the comedy is only interrupted when one of the seventeen musical numbers is being sung. Of the musical interruptions the most popular are, "Peculiar Julia," "I Fell in Love With Polly," "My Gasoline Automobile," "Oh, Gee, It's Great to Be Crazy," and "I'm So Dizzy." The cast of "The Maid and the Mummy" company, which comes to the Opera house next Saturday includes Fred Warren, Edward Beck, Edward Groh, and Earl Dewey.

SATISFACTORY SWEET CIDER

There is just one satisfactory sweet cider—and that is Motts. Ever try it? You remember it, if you did, for it has that bracing, rich, fruity, just-a-bit-more flavor that you won't forget. When you order again, ask for Motts sweet cider.
